

Coordinating Covid-19 vaccinations with our Mayor Brian P. Stack, County Health Commissioner Ms. Janet Castro, Hudson County, and the New Jersey Department of Health, additional opportunities for vaccinations are now available to **all Hudson County residents**. Appointments for the Moderna vaccine are now available starting **today, March 14th, at 2:00 p.m. online**. This site is located at the USS Juneau Center at 10 Hackensack Avenue in Kearny. The testing site is a drive-thru vaccination site where you must be in a vehicle at all times.

Attached please find additional information and registration opportunities. Advanced registration for an appointment is required.

As we continue to accommodate our staff with the much needed Covid-19 vaccination with our vaccination site at Colin Powell, we will afford our staff multiple venues to become vaccinated. You may be contacted by senior administrators for other opportunities that arise. Thank you for your professionalism in participating in this important initiative.

Maryury Martinetti, Medical Department Coordinator

Hudson County COVID-19 Vaccination

The Hudson County COVID-19 vaccination site is located at the USS Juneau Center at 110 Hackensack Avenue in Kearny.

This is a drive-thru vaccination site which means you must be in a vehicle at all times. For your safety, we cannot accommodate people that are NOT in a vehicle. If you do not have access to a vehicle or are unable to find a ride, there are a number of other non-drive thru vaccine sites located throughout the county and state. [Click here](#) to download a pdf of the New Jersey Department of Health's list of vaccination locations.

The Moderna vaccine administered at this site requires that you receive two doses, the second dose being 28 days after the first. Click [here](#) to review the Emergency Use Authorization (EUA) for the Moderna Covid-19 vaccine.

Advance registration for an appointment is required. As of January 14, 2021 appointments are reserved for the following groups of people (**who must live or work in Hudson County**)

- Paid or unpaid persons working or volunteering in a healthcare setting
- Residents of long-term care facilities and other congregate settings

- Frontline first responders
- Aged 65 and older
- Persons aged 18 to 64 years old who have at least one chronic medical condition that poses high-risk for severe COVID-19:
 - Cancer
 - Chronic Kidney Disease
 - Chronic Obstructive Pulmonary Disease (COPD)
 - Down Syndrome
 - Heart conditions (e.g. heart failure, coronary artery disease, cardiomyopathies)
 - Immunocompromised (weakened immune system) due to organ transplant (consult with your doctor)
 - Obesity (e.g. body mass index of 30kg/m² or higher)
 - Pregnancy (consult with your doctor)
 - Sickle cell disease
 - Smoking
 - Type 2 diabetes mellitus

If you meet these requirements and would like to register for the COVID-19 vaccine, please sign up today
